**AI-powered skin screening:** Benefit from our 10-minute total-body skin screenings by our Certified Skinographer.

**Expert dermatologist review:** SkinIO's expert dermatologists review every image and flag any spots of concern.

**Results in days:** Receive your results in just 2-3 days, with referrals to in-network dermatologists if needed.

“I was amazed at the clarity of the photographs. As a result of the report, I have already met with my regular dermatologist and had 2 spots removed with liquid nitrogen.”
